

## UNIQUE.MODERN.STYLISH.

Denali Panel System is an affordable modular interior and exterior rail system.

STANDARD AND SLIMLINE AVAILABLE

# Metal Panels-Knee Wall/Curb Wall Systems

STANDARD AND SLIMLINE AVAILABLE

# Metal Panels-Open Tread Systems

Our Made in the U.S.A. **Denali Panel System-Metal Panel** was developed in 2017, by our CEO and Founder Ed McHugh who has been an innovator in the stair business for over 30 years.

Denali Panel System gives a modern yet transitional look that appeals to customers nationwide! This version is also available in the SlimLine version- the same feel just in a slimmer steel tube to streamline the look even more.

The Denali Panel System is easy to install. The pre-assembled nature of the panels speeds up installation. Panels require only a few screws for installation-no glue, sanding, marking, and drilling of baluster holes, or cutting to fit! Every panel is pre-drilled on the top rung and screws are included for easy handrail installation.

The Denali Panel System-Metal Panel comes with Low Sheen Black as a standard finish. Custom colors available.

STANDARD AND SLIMLINE AVAILABLE

# Aluminum Panels

The **Denali Panel System-Aluminum Panel** is the exterior solution for completely modernizing deck railing and stair designs. Aluminum Panels complement the interior panels giving your project continuity and flow from interior to exterior!

The Denali Panel System-Aluminum Panel gives you a modern yet transitional look that appeals to customers nationwide! This version is also available in the SlimLine version!

The Denali Panel System-Aluminum Panel comes with Low Sheen Black as a standard finish. Custom colors available.

SLEEK, HIGH-END LOOK

## Glass Panels

We are excited to announce another version of the VERY POPULAR **Denali Panel System-Glass Panel!** They have been a favorite for interior designers and builders who are looking to transform homes, adding a modern and open finish! The Denali Panel System-Glass Panels come in the exact sizing as the steel versions.

The Denali Panel System-Glass Panels are fabricated from tube steel with a standard Low Sheen Black finish. Custom colors available.

The NEW Denali Panel System-Glass Panel will completely modernize stairway and railing designs with a sleek, high-end look for a fraction of the cost.
